

How to Get Help

Please feel free to contact us using the information below.

However, there is a team of persons ready to help you make your year end Local Church Report in a timely manner. The Statistician's team includes, Pamela Stewart and some District Statisticians. (See contact info. below.)

Please direct all treasurer questions through Becky Emmert, Operations Manager Treasury/Benefits, at the Michigan Conference Center North in DeWitt, (800) 334-0544 – bemmert@michiganumc.org .

Although there is plenty of time to collect and submit the required statistics before the deadline, we know that extraordinary circumstances sometimes arise that may prevent this. If this happens in your church, please let us know as soon as possible that you will be late so that we can assist you with alternative arrangements. This courtesy on your part will also stop a "bunch" of contacts to your office and home just to say "You're Late! Please tell us what is going on."

Generating a complete statistical picture of the conference is an important task and results in a tool to assist in conference and church development. It is also the foundation for the treasurer to set your church's fair share apportionment/ministry shares. If you have questions about any of items on the reports which are not answered in this document or on our web section, please contact any of us!

In Christ's Service,

Pamela Stewart, Michigan Conference Statistician
