

# Network Group Reach Multiply

A 12-month track to start a new worship service or site. This leadership training experience will include 9 "download on demand" videos and monthly custom individual leadership coaching. The program is action oriented as you move at your own pace from design to launch. You will be equipped for BOTH the launch process and the service event!

## **Presenter: Cathy Townley**

Training sessions are principle based and allow for flexibility to fit your context. Your coach/ consultant will help you customize the principles. Launching principles include adaptive change for multiplying churches, strategic alignment, community networking, team building, worship planning and launching systems.

You and your team can work the process at your own pace using the "download on demand" format and never leave your ministry context.

After each workshop your coach will help your team work through action areas expected of leadership for both the launch process and worship event.

### **Cohort Gatherings:**

- ⇒ As an added bonus, every two months Gary Step the Associate Director of Congregational Vibrancy, will be leading the group of Multiply pastors, discussing and exploring how the process is progressing. Sharing ideas and best practices as we move towards the launch.
