PLEASE NOTE:

- This form is for use on existing buildings only; refer to current ADA & state regulations for construction or major remodeling projects: <https://www.ada.gov/regs2010/2010ADASTandards/2010ADASTandards.htm>.
- The survey should be completed by a team including a member of the trustees, and people with construction, architecture and rehabilitation backgrounds. Include persons with disabilities and family members, especially someone who uses a wheelchair and someone with low vision, in the process.
- Interview individuals with disabilities and family members of children and adults with disabilities to learn how welcoming your congregation is and to help set priorities.
- This is not an all-inclusive listing of ADA guidelines or appropriate accommodations, but rather represents basic first steps that a church may take to begin to implement accessibility measures.
- Resources are available through your conference Disability Concerns Committee (¶1653) and through the DisAbility Ministry Committee of the UMC at <https://www.umdisabilityministries.org/access/audit.html> to help you plan and carry out improvements.
