

PASTORAL RECORD

This Pastoral Record indicates appointments, including clergy of other annual conferences and denominations serving within the Michigan Conference, but is **not necessarily a pension record**. The date given before/after each appointment represents the initial year of that appointment, with changes occurring immediately following Annual Conference unless otherwise noted. The record is maintained by the Ezra Database Specialist. Correspondence can be sent to pstewart@michiganumc.org.

The Michigan Conference has been transitioning database systems. Please know we are still in the process of cleaning the data and verifying data syncs. If you find significant errors in a record, please email the above address. Thank you for your patience while we transition.
