

Make a Bible Bookmark!

1. Use ribbon of different colors and tie several (4-6) pieces together in a knot at the top. Or, you can use strips of paper!
2. Use your Bible Bookmark or paper bookmarks to find and mark the following. If you don't have enough bookmarks, that's ok!
 - Table of Contents
 - Psalms – open your Bible to around the middle, it probably opened to the book of Psalms (or close to it!)
 - New Testament – look for the book of Matthew
 - Maps – many Bibles have maps all the way in the back
 - Your favorite Bible story or verse
 - Bible Tools or Helps – some Bibles have extra tools in the back
 - Anything else you want to find quickly
