

*Seasons Greetings Brothers and Sisters in Christ.*

I feel so blessed to be able to share a year end message for 2020. COVID19 brought a total shift in our regular living routines in mid March 2020. With so many changes in life, God gave us many new assignments. Although challenging, we have prayed and stood the course. Zoom and other media have become our partners in mission. I believe we have learned to listen more, give more, communicate more, and love more. We are positioned and committed to continue God's call in 2021, to transform the world. My prayer for you is to stay safe, help wherever can, and continue to live by faith in God.

\* *Merry Christmas*  
\* *Feliz Navidad*
