Child Hunger and Food Insecurity impacts thousands of children in Michigan

Food insecurity remains a chronic problem in Michigan, despite the efforts of many dedicated organizations and agencies. Since the onset of the COVID-19 pandemic, the number of Michiganders facing food insecurity has risen to about 1.9 million, over 552,400 of whom are children. (Food Security Council, 10/2020.)

HOPE CHURCH is proud to join many other United Methodist Churches in the Michigan Area for this worthy cause.

COME! WALK – RUN – or BIKE 5k

We'll start outside our Chapel, June 6 at 1:30 pm, travel South on Lahser Rd. to Emmanuel Lutheran Church (our partner, exactly 2.5k away), then return to Hope.

Hundreds of members of our community are invited to come join in this effort!
