

Charge Conference Report on Men's Ministry

Ministry is one of many important ministries of the local church. This ministry offers men an opportunity to grow in their discipleship and service to Christ. The Michigan Annual Conference United Methodist Men (UMM) offers training and resources for local churches that will enable them to organize ministry and Coach men to Thrive through Christ.

The Michigan Annual Conference UMM is working to connect men's ministries throughout the conference. One of the ways is by developing a leadership team that will help share information about men's ministry with local churches. It is our hope to have men in all our districts communicating with our local churches.

These **district coordinators** will form together as a team that will include representatives from churches of varying sizes and ethnicities throughout their district. These persons must be an active professing lay member of a United Methodist Church within the bounds of the district or a clergy person serving a church in the district. They will communicate effectively and regularly with members of the district UMM organization and should encourage leadership in each local UMM unit. They will serve men of all the United Methodist churches of this district and promote and participate in related ministries in the annual conference and General Commission on United Methodist Men (GCUMM).

GCUMM has a host of suggested books, training materials, and staff to help district leaders. If the district has a need, GCUMM has materials to help, knows where to find them, or will create them. These district leaders should never attempt to do this alone; there are many persons within the districts, conference and GCUMM who are eager to help. GCUMM website: <https://www.gcumm.org/>

We believe that God is calling men from our churches to join our conference ministry to "**coach men to THRIVE through Christ.**" Please add any additional information or names of men from your congregation who feel called to help with this ministry.
