Ministry of the Forgotten

"Bishop Kenneth Carder's course, *Ministry with the Forgotten: Dementia Through a Spiritual Lens*, equips laity with practical ways to nurture and incorporate persons with Alzheimer's and dementia into the church's life and ministry. Participants will gain understanding of the medical and spiritual impacts of dementia. As a result, they will gain a greater comfort level in relating to those with the disease while being able to affirm their identity as God's beloved children. Participants will work on action plans to help their congregation develop practical steps for ministering to dementia patients and caregivers"
