Charge Conference Report on Women's Ministry

A dedicated women's ministry offers women an opportunity to grow in their discipleship and service to Christ. The Michigan Conference United Women in Faith (UWF) offers training and resources for local churches that will enable them to organize ministry and connect to programs of spiritual growth, transformative education and service within the District, Conference and beyond.

To become better connected for women's ministries, please complete this form, and email it to: Julia Paradine-Rice, President of Michigan Conference United Women in Faith, at jparadinerice@gmail.com. Questions? Please contact your District United Women in Faith leadership team (found at umwmichiganconference.org) or email Julia Paradine-Rice.
