R#2026-13 - "2027 Minimum Salary Schedule"

Michael Conklin, Commission on Equitable Compensation chair, spoke to the resolution.

Motion: The Commission on Equitable Compensation (CEC) moves the following Minimum Salary Schedule (see p. 68 for the full schedule chart) to be adopted by the 2026 Michigan Annual Conference.

All SPRCs are required to calculate the suggested minimum compensation for their clergy before determining final compensation. In addition, the CEC asks churches to budget a minimum of \$1,500 for professional expenses and continuing education, exclusive of mileage reimbursements for each full-time clergy person under appointment. For clergy serving less than full-time, the amount set should equal no less than the appointment percentage (i.e., a half-time appointment's minimum would be at least \$750, etc.).

Churches are strongly urged to compensate clergy whose years of service are beyond this chart's years by considering both years of service as clergy and inflation forces. While electing not to provide clergy with a raise might alleviate pressure on the church budget, it places unfair stress on clergy and is demoralizing. For years after 10 it is recommended to add 2% of the year 10 amount for each year the clergy person has served beyond the 10th year.

R#2026-13 adopted

R#2026-4 - "*Clergy Sexual Ethics Policy*."

Jennifer Browne spoke to the resolution.

Motion: That the Michigan Conference of The United Methodist Church adopt the updated Clergy Sexual Ethics Policy, effective June 1, 2026.

CLERGY SEXUAL ETHICS POLICY Michigan Conference of The United Methodist Church

Preamble

This policy states expected standards of behavior and defines inappropriate sexual conduct by clergy so that we maintain healthy relationships of integrity and safety for the sake of our common ministry to the people of God in the name of Jesus Christ. While this policy focuses on a clergy person's professional role, it is understood that any form of misconduct of a sexual nature brings great harm to many people, including the clergy person's family. This policy also provides guidance so that when incidents of misconduct of a sexual nature are alleged, the complainant and the respondent may experience grace, justice, and reconciliation. Grace extends unconditional love while holding us accountable to the consequences of inappropriate behavior.

Statement of Our Covenant Together

God has called us through the grace of Jesus Christ, as clergy, into covenant with God and one another. This policy supports that covenant by fostering reconciliation, justice, hope, and love within the life of the Church. There are standards to which clergy are expected to adhere, and we assume that each clergy person seeks to live according to these high standards. "Ordination and membership in an Annual Conference in The United Methodist Church is a sacred trust." (*The Book of Discipline of The UMC – 2020/2024* ¶363) Misconduct of a sexual nature of any kind is sinful behavior against God and one another. Not only does such behavior violate a person's humanity but also constitutes an unjust use of status and power which breaks this sacred trust. Therefore, all clergy are expected to live out the highest ethical standards regarding the role of human sexuality in all interpersonal relationships.

Theological & Pastoral Reflections

We recognize that sexuality is God's good gift given as a birthright to all persons as a part of their fundamental humanity, and we call all persons to the disciplined, responsible fulfillment of themselves, others, and society in the stewardship of this gift.

The clergy called and set apart for leadership in the church have agreed "for the sake of the mission of Jesus Christ in the world" to dedicate themselves to "exercise responsible self-control by personal habits conducive to bodily health, mental and emotional maturity," integrity in all personal relationships, social responsibility, faithful sexual intimacy expressed through fidelity, monogamy, commitment, mutual affection and respect, careful and honest communication, mutual consent, and growth in grace and in the knowledge and love of God." (*The Book of Discipline of The UMC – 2020/2024* ¶310.2d) Like any of our behaviors, our sexual behavior and relationships must comply with the highest standards of a Christ-like life. We in the church are expected to live in covenant with each other and hold each other to those standards.

Clergy misconduct of a sexual nature involves both a misuse of the gift of sexuality and an abuse of the power inherent in any pastoral relationship. When sexually intimate acts take place within the pastoral relationship, they become tainted with ambivalence, confusion, guilt, and sometimes fear. Secrecy, which often accompanies such acts, only reinforces these feelings and further signals that there is something wrong with the relationship. Sexual relationships where one or both persons are exploitive, abusive, or promiscuous are beyond the parameters of acceptable Christian behavior and are ultimately destructive to individuals, families, churches, clergy colleagues, and the social order.

An inherent imbalance of power exists in any clergy relationship simply through the clergy role. A similar imbalance of power can also exist when one clergy supervises another clergy. The sacred trust inherent in ordination, consecration and licensing that makes effective ministry possible leaves persons in clergy relationships open, vulnerable, and predisposed to believe that clergy shall act only in ways that will contribute to those persons' well-being. Therefore, the only appropriate and acceptable clergy response to the trust and power given them through their roles is to minister within healthy boundaries to all persons as beloved children of God.

Definitions

Clergy: The term "clergy" as used in this policy includes all ordained, commissioned, licensed, and consecrated persons serving in the Michigan Annual Conference, including those serving in extension ministries, appointments beyond the local church, on leave, honorable location, retired, and those lay persons assigned to pastoral ministry in a local church by a District Superintendent. All clergy are accountable to Christ, to *The Book of Discipline of The UMC*, to the Annual Conference, to one another, and to those whom they serve.

Clergy Relationships: A clergy relationship exists between a clergy person and any other person

1. when the other person is a parishioner of a congregation to which that clergy person is currently, or was previously appointed;
2. when the other person is mentored or supervised by, is a colleague with, or receives ministry from a clergy person serving in any function for which he or she was ordained, licensed, hired or approved by the Annual Conference or its representatives;

3. when a clergy person uses the authority of the clergy office or role in establishing a relationship with the other person, including pastoral care/counseling relationships, and/or;
4. when the other person is a member of a community which recognizes the clergy person as a person in ministry.

Healthy Boundaries: “Healthy boundaries provide a nurturing and safe physical, emotional, sexual and spiritual environment for individuals.” (L. Sperry, *Sex, Priestly Ministry, and the Church*, 2003, p.10) Clergy who practice healthy boundaries recognize that they have personal, professional, and ethical limits, understand clearly where those limitations are, and live out their ministry accordingly. Healthy boundaries are a clear reflection of our Wesleyan commitment to do no harm, to do all the good we can, and to stay in love with God. (Reuben Job, *Three Simple Rules: A Wesleyan Way of Living*, 2007)

Misconduct of a Sexual Nature:

“Misconduct of a sexual nature within ministerial relationships is a betrayal of sacred trust.” (*Book of Resolutions 2020/24*, p. 362) Clergy sexual misconduct occurs when a clergy person initiates or allows any sexual contact or behavior with a person with whom they have a clergy relationship and includes, but is not limited to, the chargeable offenses listed in ¶2702 of *The Book of Discipline of The UMC – 2020/2024*.

This is further defined in *The Book of Resolutions*, 2020/24, p. 363-4:

- **Sexual Abuse** is a form of misconduct of a sexual nature defined in ¶162M of *The Book of Discipline 2020/2024* as “sexual activity perpetrated through the use of force or threats, or by taking advantage of those who are unable to give consent or those in vulnerable situations with unequal power.” It includes sexual assault which is defined as “all threats and forms of forcible sexual contact or bodily harm, including rape.”
- **Sexual misconduct** is a form of misconduct of a sexual nature that “uses sexualized verbal comments or visuals, unwelcome touching and advances, use of sexualized materials including pornography, stalking, or misuse of the pastoral or ministerial position using sexualized conduct to take advantage of the vulnerability of another.”
- **Sexual harassment** is a form of misconduct of a sexual nature defined in ¶162M of *The Book of Discipline 2020/2024* as “unwelcome and inappropriate sexual remarks, gender-based remarks or physical advances made in workplaces, professional settings, or social situations.” It creates a hostile environment that can include unwanted sexual jokes, advances, touching, displays, or comments that insult, degrade, or sexually exploit anyone within the life of the church. Sexual harassment can consist of a single intense or severe act, or of multiple persistent or pervasive acts. There are many possible scenarios which could constitute sexual harassment. Each situation must be evaluated on a case-by-case basis.
- **Pornography** includes sexually explicit material that portrays violence, abuse, coercion, domination, humiliation, or degradation for the purpose of sexual arousal. Pornography sexually exploits and objectifies people. Any sexually explicit material that depicts children is abhorrent and victimizes children. It is “an affront to our deeply held conviction that human sexuality is a precious gift from God.” The use or possession of pornography is a form of conduct of a sexual nature.

Standards for Clergy Conduct

1. Clergy members of the Annual Conference are accountable for their integrity and conduct in their personal lives and professional ministries. Thus, it is inappropriate for any clergy person to use pornography, or to commit misconduct of a sexual nature of any kind, whether they have a clergy relationship with the other person or not. It is a violation of our covenant with God, of clergy relationship, of clergy responsibility, and of clergy authority, and is abusive and unethical. It could result in discipline, including the discontinuance of the clergy person’s ordained, commissioned, licensed, or consecrated status, and/or appointment or assignment.
2. Clergy have the responsibility for developing healthy and ethical relationships with all other persons. Married clergy have made a vow to nurture and maintain fidelity and faithfulness in their marital relationship. Married and single clergy must maintain integrity in personal relationships, and “exercise faithful sexual intimacy as expressed through fidelity, monogamy, commitment, mutual affection and respect, careful and honest communication

[and] mutual consent.” (*The Book of Discipline 2020-2024* ¶310.2d)

3. A single clergy person engaging in a romantic relationship with a single person with whom they have a clergy relationship does not necessarily commit misconduct of a sexual nature. However, the clergy person must be aware of the inherent imbalance of power that they have in this type of clergy relationship and take full responsibility for the related potential for harm. A single clergy person entering into this type of relationship bears the burden of demonstrating that there has been no abuse of power or exploitation in the relationship, in light of all relevant factors, including the personal history and mental status of the other person and the likelihood of an adverse impact on the person or on others.

Expectations

1. Clergy frequently relate to persons who are fragile and vulnerable and therefore must exercise special care:
 - a. to maintain their own psychological, emotional, and spiritual health;
 - b. to be properly and adequately prepared and educated, including continuing education, in order that they may provide appropriate help for those in their care;
 - c. to seek counsel, advice, and supervision from one’s spiritual director, counselor/therapist, accountability partner/group, mentor, or District Superintendent;
 - d. to know their own abilities and set appropriate limits beyond which they will refer those for whom they provide pastoral care to other professional care givers.
2. Clergy shall participate in educational training programs of the Annual Conference related to Healthy Boundaries and Clergy Sexual Ethics and abide by the related covenant document.
3. Clergy of the Annual Conference are bound to one another in a covenantal relationship of mutual accountability, care, and support. Those within the clergy covenant are encouraged to prayerfully discern when it is appropriate to offer caring support to colleagues who may be in need of assistance.

Reporting

1. The Church is a place for healing and justice; therefore, it must recognize, prevent, and stop misconduct of a sexual nature. As leaders in the Church, clergy in particular bear responsibility for confronting one another with knowledge of sexual misconduct since it places an unfair and unavoidable burden on the victim(s). Truth-telling may be risky and painful and may stir up strong feelings of fear and anger for all involved. Even so, truth-telling has the power to release both offenders and victims from the secrecy, denial, and guilt that result from sexual misconduct. The Church is called to bring about reconciliation, and restoration of all parties as identified in *The Book of Discipline of The UMC*.
2. When an allegation of clergy sexual misconduct is made, all care will be taken by those involved in any investigation to determine the nature of the complaint and the appropriate response. Complaints will be taken seriously and treated with integrity and confidentiality. *The Book of Discipline of The UMC* will be followed in response to all complaints.
3. Retaliation – It is important to protect persons who disclose misconduct of a sexual nature. Retaliation against those persons by anyone will not be tolerated.
4. Reporting – If persons have experienced, become aware of, or are accused of any incidence of misconduct of a sexual nature, they should immediately contact the office of a District Superintendent or the Office of the Bishop. Clergy who have experienced sexual harassment or another form of misconduct of a sexual nature by a clergy or lay person should immediately contact the office of a District Superintendent or the Office of the Bishop. These addresses and phone numbers are available in any local United Methodist Church. In addition, if an incident involves minors, the elderly, or the disabled, reporting to the Michigan Department of Human Services (855-444-3911) is also mandatory.

NOTE:

The statements, reflections, definitions, standards, and expectations named herein do not create any additional chargeable offenses, nor sanction any conduct which may constitute a chargeable offense, pursuant to *The Book of Discipline of The United Methodist Church*. If any provision of this policy is in conflict with *The Book of Discipline of The United Methodist Church*, *The Book of Discipline of The United Methodist Church* shall prevail. Such conflict shall not be grounds for invalidating the entire policy.

Effective January 1, 2019, upon the creation of the Michigan Conference, from policies of the West Michigan and Detroit Conferences. Revised December 2025.
R#2026-4 adopted

R#2026-3 - "Conference Parsonage Guidelines & Fair Housing Allowance Policy."

Joel Wather spoke to the resolution.

Motion: Approve the proposed changes to the Michigan Conference Parsonage Guidelines and Fair Housing Allowance Policy (~~erossed-out text~~ is to be removed; **bold and underlined text** is to be added)

PARSONAGE GUIDELINES

A POLICY OF THE MICHIGAN CONFERENCE OF THE UNITED METHODIST CHURCH PROPOSED FOR THE 2017 ANNUAL CONFERENCE

Philosophy of Parsonage Guidelines

Our Flexible Housing and Parsonage Guideline Policies have been based on the foundational understanding that housing shall be provided for our pastors. All pastors serving full-time in local churches, District Superintendents and full-time Annual Conference staff performing the function of Director or Associate Director, or those Conference staff positions with contractual agreements with General Boards/Agencies of The UMC shall be provided with either a parsonage or housing allowance (See ¶258.2-q (16) & ¶620 of The Book of Discipline of the United Methodist Church—2046) **¶¶247.19, 258.2g16 & 626 of The Book of Discipline of The United Methodist Church – 2020/2024**. *There shall be flexibility in housing options as determined by the local congregation or the designated Annual Conference body.* Providing either a parsonage or a housing allowance shall be determined by the local congregation, or the designated Annual Conference body, for the purpose of enabling ministry and the itinerant ministry of the Annual Conference. (See the Flexible Housing Policy for housing options.)

The Book of Discipline of The United Methodist Church – 2046 **2020/2024** identifies the areas of responsibilities of three distinct groups – one relating primarily to housing and two relating primarily to itinerancy and appointments.

LOCAL CHURCH

The Local Church accepts certain responsibilities for adequate pastoral support in this mutual covenant. ¶620 of The Book of Discipline of The United Methodist Church – 2046 **2020/2024** states, "Assumption of the obligations of the itineracy, required to be made at the time of admission into the traveling connection, puts upon the Church the counter obligation of providing support for the itinerant ministry of the Church." Duties of the committee on pastor-parish relations are outlined in ¶258.2 of The Book of Discipline of The United Methodist Church – 2046 **2020/2024**. The following specific matters are noted in ¶258.2.g) 16 "To consult on matters pertaining to....housing (which may be a church-owned parsonage or housing allowance in lieu of parsonage if in compliance with the policy of the annual conference), and other practical matters affecting the work and families of the pastor and staff, and to make annual recommendations regarding such matters to the church council, reporting budget items to the committee on finance."

CLERGY

Clergy take vows at their ordination agreeing that they will offer themselves "without reserve to be appointed and to serve as the appointive authority may determine (~~¶335.e.1~~ **333.1** The Book of Discipline of The United Methodist Church – 2046 **2020/2024**)." The requirements and implications of the itinerancy are repeatedly emphasized in The Book of Discipline of The United Methodist Church – 2016. Some of those implications include certain guarantees related to an appointment, minimum compensation, benefits and provisions for housing. Some of those implications are also the forfeiture of certain restrictions by clergy in terms of where they will serve. Each pastor serves at the discretion and direction of the Bishop and Cabinet. This is a reality inherent in our polity.

BISHOP

The third party in this covenant of obligations is the Bishop. The particular responsibilities of the Bishop are delineated in Chapter Three, "The Superintendency", The Book of Discipline of The United Methodist Church – 2016 **2020/2024**. Section VIII contains the paragraphs that address the material related to Appointment Making:

¶425 Responsibility

¶426 Consultation and Appointment-Making

¶427 Criteria

¶428 Process of Appointment-Making

¶429 Frequency

These paragraphs outline a comprehensive process, the outcome of which is intended to provide continuity of leadership in local congregations and a comparable intersection of gifts required and gifts possessed between a congregation and pastor(s) appointed to serve there.

It is important that local church or Annual Conference-owned parsonages across the Conference meet certain standards so that differences in quality, size and equipment are kept to a minimum. These guidelines apply for local church pastors, district superintendents and Annual Conference professional staff, when a parsonage is provided.

The Parsonage Guidelines Policy shall be posted on the Conference web site, presented to all new pastors by each respective district superintendent, distributed annually by the district superintendent to the local church Board of Trustees, pastor parish relations committee or staff parish relations committee. The Parsonage Guidelines Policy shall be reviewed annually by the Conference Board of Trustees and the Cabinet. Any changes shall be brought to the Annual Conference for its action, **the Cabinet, and the Director of Conference Benefits. Any changes to the Policy shall be communicated to the Annual Conference Session annually.**

The Annual Conference affirms that the parsonage is the private home of the pastor. Therefore, the parsonage should not by design or intention be considered as an extension of the church space for program use. The church and the pastor should maintain the home so that it can be opened to friends and parishioners alike with dignity and pride. The Annual Conference recognizes that families in our culture are of varying sizes and needs. In the interest of Christian stewardship, we must seek homes that make efficient use of space, are energy efficient and are adaptable to the needs of clergy family members."

SECTION I - GENERAL GUIDELINES

Location

Locate the parsonage so as to be conducive to the best possible living conditions for the family, with special reference to accessibility to schools and stores. The family should have the opportunity to follow customary family patterns without unnecessary interruption. The parsonage should not be located where it could conceivably be a hindrance to the future expansion of the church buildings.

Barrier Free Concerns

All parsonages purchased, built, or remodeled in the future shall conform to the needs of the handicapped. One entrance shall be wheelchair accessible.

Sound Construction

The parsonage shall be of sound construction with sound foundations. Cracking walls and sagging floors are danger signs of structural unsoundness. Do not attempt to remodel an existing parsonage if it involves extensive structural modifications, partition moving, or cutting of exterior walls.

Energy Conservation

It is advisable that an energy audit be considered to determine what might be done to make the parsonage more energy efficient with attention to water seals, storm windows, doors, etc. It is further recommended that any parsonage built or purchased in the future be as energy efficient as possible. (Example: zone heating, minimum of 12" of insulation in ceiling and 6" in sidewalls.)

- Parsonages with fireplaces shall include glass doors for energy conservation.
- Sliding storm doors can be added and should be considered for energy conservation.

Safety

The parsonage shall contain certain safeguards for the parsonage family's safety. At least three fire extinguishers, one in the house, one in the garage and one in the basement, shall be kept in working condition and should be professionally inspected annually. Smoke and carbon monoxide detectors should be provided – a minimum of one for each floor including the basement.

A radon test shall be performed in geographic areas where radon seepage is suspected to be problematic. Motion lights should be provided in dark areas. Dead bolts shall be provided on outside doors. There shall be a lead-based paint disclosure. There shall be safe wiring of the electrical system, adequate power to serve the house, and sufficient outlets.

Therefore, it is recommended that the parsonage be decorated in consultation with the parsonage family. The Pastor-Parish Relations Committee should consult the new pastoral family regarding colors.
13. **Cable and TV Connection:** ~~The church shall provide basic cable or satellite service with basic internet service, if available. The pastor pays for expanded services. In the event that the parsonage is the pastor's main office, the church shall provide for high-speed internet service, if available.~~ **The parsonage shall have an adequate TV connection and internet access of at least 25 Mbps download and 5 Mbps upload, if available. The pastor pays for expanded services. In the event that the parsonage is the pastor's main office, the church shall provide for internet service of at least 50 Mbps download and 10 Mbps upload, if available. Stipends to cover full or partial cost of cable, internet and/or streaming services can meet this requirement. To determine an appropriate stipend, please contact the Conference Treasury Department for the current rate at which the Conference is reimbursing Conference staff for cable and/or internet.**
14. **Parsonage Grounds and equipment:** The parsonage shall have adequate outside lighting. The grounds around the house shall be well drained and fertilized every year. The parsonage family shall care for the grounds. If the yard is unusually large, contains shrubs, or requires a great deal of time to maintain it in keeping with the surrounding neighborhood, the church shall consider assisting the pastor with additional help or service. Ordinary mowing and trimming of the lawn shall be the responsibility of the pastor. The church, if needed or desired, shall provide fertilizing and lawn treatment, tree pruning and landscaping changes.
- Large or long driveways may also require help from the church in the winter.
 - Grounds-care equipment shall include an adequate power lawnmower and snow blower for the property. It shall also include, but not be limited to, hoses, rakes, spade, ladder, etc. Landscaping and exterior care of the parsonage shall be such as to be a credit to the church in the community.
 - There shall be either a septic tank in good working condition, with adequate drainage area on the parsonage property, or sufficient access to a public sewer system. A sump pump and dehumidifier shall be provided for the basement if conditions warrant.
15. **Insurance:** The church is responsible to secure and pay for insurance for the property. It is recommended that 100% replacement cost of the parsonage and church-related structures and church furnishings be carried. It should include home-owner type coverage maintained at a minimum of eighty percent (80%). The pastor shall be responsible for his/her own insurance on personal furnishings and belongings.

SECTION III - PARSONAGE MAINTENANCE

Local Church Responsibility:

Under the direction of the Board of Trustees, there shall be a Parsonage Committee consisting of representatives of the Board of Trustees, Pastor-Parish Relations Committee and/or additional persons (perhaps from UWF or UMM) with special skills and interests. This committee shall adhere to these minimum guidelines for all parsonages.

The District Board of Church Location and Building is required to approve plans for remodeling (if cost exceeds 25% of the value) or new construction or purchase (§2521, The Book of Discipline of The UMC – 2016 **2020/2024**).

No assets from the sale of a church-owned parsonage shall be used for current operating expenses of the charge (The Book of Discipline of The UMC – 2016 **2020/2024**, ¶2543). Proceeds from the sale of such a church-owned parsonage shall be placed in escrow by the trustees of the local church, at least equaling an amount necessary to cover the future purchase of a parsonage or an amount to cover a down payment (of not less than 20% of cost of home meeting parsonage standards in the area) plus closing costs. It is recommended that the principal account on the escrow be adjusted annually to provide equity with inflation and the real estate market. Interest received from an escrow account may be used toward the provision of a housing allowance. If a period of five (5) years has passed and there is no evident need to purchase another parsonage, then the escrow funds may be released for the purpose of church capital improvements. The evident need shall be determined by a two-thirds (2/3) vote of a called church conference. Any such sale of a church-owned parsonage must include consent of the pastor, district superintendent, board of church location and building, and the charge conference.

The local church board of trustees or elected parsonage committee shall properly maintain an adequate and comfortable home for the parsonage family. The parsonage shall be regarded as the pastor's home and the privacy of the parsonage family shall be respected at all times. No unannounced "inspections" shall be conducted. Keys to the parsonage shall be limited to the parsonage family and the church office or a person mutually designated by the parsonage family and the Board of Trustees. At the convenience of the parsonage family, the parsonage committee shall inspect the home annually to see what needs to be done, if anything, to meet these guidelines and to take the necessary steps to accomplish any improvements.

Prior to the annual inspection, the persons making the inspection should review this booklet as a reminder of the provisions and maintenance standards. They shall keep a record of their inspection so that they can take initiative in improving the parsonage and grounds. It is suggested that such inspections take place in late spring prior to annual conference, and/or in the fall prior to charge conference.

To better facilitate maintenance, a log of major appliances should be kept by the parsonage committee, including dates items were purchased, repairs, warranties, and service contracts.

A refurbishing and replacement schedule should be set up.

The church shall pay for cleaning carpets and window coverings annually.

The pastor and parsonage committee should have an understanding of what separates minor repairs (pastor's responsibility) and major repairs (church's responsibility). If the use of an extension ladder is needed, the pastor should negotiate help from the church.

The church budget should include a separate line for parsonage maintenance and improvement in the amount of 2% of the insured value of the parsonage. If the funds are not used in any given year, they are held in escrow for the time when needed.

Pastor's Responsibility:

The pastor should care for the parsonage as a "good steward" of the property, avoiding undue wear and tear. The pastor is responsible for any damages caused by pets, guests or family members. All necessary precautions shall be taken to prevent pets from damaging the parsonage. The parsonage family must correct such damage.

Mutual Responsibility:

At the time of change of pastors, the parsonage committee shall take responsibility for seeing that the parsonage is in good condition for the in-coming pastor. Needed cleaning shall be the responsibility of the out-going pastor, but if this has not been cared for, the parsonage committee shall assume this responsibility. If needed cleaning is due to neglect or carelessness, the out-going pastor shall pay for the cost of said cleaning.

The parsonage committee (or trustees) must meet with the in-coming pastor, and develop a clear understanding of the procedures for maintenance: 1) which repairs and maintenance the pastor should expect to do; 2) which breakdowns should be reported for referral to get the job done (and to whom notification is to be given by the pastor); 3) what amount is in the church budget in a separate parsonage maintenance and improvement fund.

In the area of interior decorating, the parsonage committee and the parsonage family shall work together before any changes are made. If non-washable drapes are used, cleaning responsibility is with the church. Carpet repair, replacement, and periodic major cleaning are the responsibility of the local church unless damage is caused by carelessness of the parsonage family.

All sub-standard parsonages shall be considered for recommendation to conform, as nearly as possible, to the above guidelines as soon as possible.

Records:

Keep a record of each annual inspection and update as problems are resolved. The trustees shall be responsible for duplicate inventory lists; one shall be kept at the church, and one at the parsonage. This list should include all church-owned furnishings of the parsonage and garage, as well as yard and grounds equipment. A copy of this list should be made available to each new pastor.

The pastor and parsonage committee shall provide a record of local servicing agencies and a file of service manuals, and any other information necessary for all mechanical equipment related to the parsonage. Place and date of purchase, serial number, warranty information, and all parts lists should be included. The list should be updated annually, the list given to the pastor, and reviewed with him/her when he/she leaves the charge.

SECTION IV - PROCEDURES AT PASTORAL CHANGE:

Pastor leaving: The Cabinet and Board of Ordained Ministry recommend that outgoing pastors be given at least the last two weeks (including two Sundays) of the appointment off from all pastoral responsibilities. This time off is not to be considered vacation time and can be adapted or negotiated on a case-by-case basis in consultation with the District Superintendent. The purpose of this time off is to help the pastor enter their new appointment rested. It also gives an emotional buffer for the congregation between the outgoing pastor's last Sunday and the incoming pastor's first Sunday.

When there is a pastoral change, there shall be an inspection of the house with the pastor before the pastor leaves for his/her new appointment.

Pastor Arriving: When there is a pastoral change, the new pastor shall inspect the parsonage, making a list of needed repairs and creating a written statement of property conditions for the trustee record.

FLEXIBLE HOUSING POLICY**OF THE MICHIGAN CONFERENCE OF THE UNITED METHODIST CHURCH**

Our Flexible Housing and Parsonage Guideline Policies have been based on the foundational understanding that housing shall be provided for our pastors. All pastors serving full-time in local churches, District Superintendents and full-time Annual Conference staff performing the function of Director or Associate Director, or those Conference staff positions with contractual agreements with General Boards/Agencies of The UMC shall be provided with either a parsonage or housing allowance (See ¶258.2g)(16) & ¶620 of The Book of Discipline of The United Methodist Church—

2016) ¶¶ 247.19, 258.2g16 & 626 of The Book of Discipline of The United Methodist Church – 2020/2024. *There shall be flexibility in housing options as determined by the local congregation or the designated Annual Conference body.* Providing either a parsonage or a housing allowance shall be determined by the local congregation, or the designated Annual Conference body, for the purpose of enabling ministry and the itinerant ministry of the Annual Conference. (See the Flexible Housing Policy for housing options.)

The Book of Discipline of The United Methodist Church – 2016-2020/2024 identifies the areas of responsibilities of three distinct groups – one relating primarily to housing and two relating primarily to itinerancy and appointments.

LOCAL CHURCH

The Local Church accepts certain responsibilities for adequate pastoral support in this mutual covenant. ¶620 of The Book of Discipline of The United Methodist Church – 2016-2020/2024 states, “Assumption of the obligations of the itinerancy, required to be made at the time of admission into the traveling connection, puts upon the Church the counter obligation of providing support for the itinerant ministry of the Church.”

Duties of the committee on pastor-parish relations are outlined in ¶258.2 of The Book of Discipline of The United Methodist Church – 2016-2020/2024. The following specific matters are noted in ¶258.2.g)-(16) “To consult on matters pertaining to...housing (which may be a church-owned parsonage or housing allowance in lieu of parsonage if in compliance with the policy of the annual conference), and other practical matters affecting the work and families of the pastor and staff, and to make annual recommendations regarding such matters to the church council, reporting budget items to the committee on finance.”

CLERGY

Clergy take vows at their ordination agreeing that they will offer themselves “without reserve to be appointed and to serve as the appointive authority may determine (¶335.e.1-333.1 The Book of Discipline of The United Methodist Church – 2016-2020/2024).” The requirements and implications of the itinerancy are repeatedly emphasized in The Book of Discipline of The United Methodist Church – 2016-2020/2024. Some of those implications include certain guarantees related to an appointment, minimum compensation, benefits and provisions for housing.

Some of those implications are also the forfeiture of certain restrictions by clergy in terms of where they will serve. Each pastor serves at the discretion and direction of the Bishop and Cabinet. This is a reality inherent in our polity.

BISHOP

The third party in this covenant of obligations is the Bishop. The particular responsibilities of the Bishop are delineated in Chapter Three, “The Superintendency”, The Book of Discipline of The United Methodist Church – 2016-2020/2024.

Section VIII contains the paragraphs that address the material related to Appointment Making:

- ¶425 Responsibility
- ¶426 Consultation and Appointment-Making
- ¶427 Criteria
- ¶428 Process of Appointment-Making
- ¶429 Frequency

These paragraphs outline a comprehensive process, the outcome of which is intended to provide continuity of leadership in local congregations and a comparable intersection of gifts required and gifts possessed between a congregation and pastor(s) appointed to serve there.

THE GUIDELINES FOR PROVIDING A HOUSING ALLOWANCE ARE AS FOLLOWS:

1. A. ~~Negotiations to establish a housing allowance in a local church will include the pastor, the committee on pastor-parish relations, the finance committee, and the chair of the board of trustees. The district superintendent shall be informed before and as negotiations progress. The purpose of these negotiations is to develop a clear understanding by all parties as to the~~

arrangements mutually acceptable. Final arrangements must have approval of the church/charge conference.

B. Negotiations to establish a housing allowance for a cabinet appointment will include the district superintendent, the district superintendency committee, the district board of trustees or parsonage committee, the district board of church location and building, conference council on finance and administration, trustees of the annual conference, and the bishop. Final arrangements must be mutually agreed upon by these parties.

G. Negotiations to establish a housing allowance for a conference staff appointment will include the staff person, the personnel committee, conference council on finance and administration, the trustees of the annual conference, and the bishop. Final arrangements must be mutually agreed upon by these parties.

D. Negotiations to establish a housing allowance for a new church start pastor will include the pastor, the New Church Committee, the Director of New Church Development and the District Superintendent. Final arrangements must be mutually agreed upon by these parties.

1. Expectations of engaging in negotiations related to different services in the

Conference are:

- a. **Negotiations to establish a housing allowance in a local church will include the pastor, the committee on pastor-parish relations, the finance committee, and the chair of the board of trustees. The district superintendent shall be informed before and as negotiations progress. The purpose of these negotiations is to develop a clear understanding by all parties as to the arrangements mutually acceptable. Final arrangements must have approval of the church/charge conference.**
 - b. **Negotiations to establish a housing allowance for a cabinet appointment will include the district superintendent, the district superintendency committee, the district board of trustees or parsonage committee, the district board of church location and building, conference council on finance and administration, trustees of the annual conference, and the bishop. Final arrangements must be mutually agreed upon by these parties.**
 - c. **Negotiations to establish a housing allowance for a conference staff appointment will include the staff person, the personnel committee, conference council on finance and administration, the trustees of the annual conference, and the bishop. Final arrangements must be mutually agreed upon by these parties.**
 - d. **Negotiations to establish a housing allowance for a new church start pastor will include the pastor, the New Church Committee, the Director of New Church Development and the District Superintendent. Final arrangements must be mutually agreed upon by these parties.**
2. A written record of the housing agreements (signed by the parties mentioned in #1 above) shall be maintained in the files of the district superintendent, the pastor, and the charge conference, and also by the bishop's office and conference trustees where applicable. The written agreement will stipulate clearly:
 - a. The amount to be allowed every month;
 - b. That the pastor's participation in the arrangement for a housing allowance in lieu of a parsonage shall not hinder his/her participation in the itinerancy for future appointments.
 - c. That a housing allowance in lieu of a parsonage shall not hinder the acceptance of a subsequent pastoral appointment where a parsonage is desired by the pastor. If, in subsequent appointments, a housing allowance is not desired by the incoming pastor, the local church/charge, or the designated Annual Conference body, shall seriously consider this request and shall provide housing, either through purchase or rental. As stated in the opening paragraph of this policy, either a parsonage or housing allowance shall be provided. (See ¶258.2.g) (16) & ¶620 of The Book of Discipline of The United Methodist Church – 2016 **2020/2024**.)
 - d. The church/charge conference, or the designated Annual Conference body, shall also have the option to change to a parsonage at subsequent transition times.
 3. A housing allowance shall be based on the rental value of the current parsonage or, if the church/charge, or the designated Annual Conference body, does not own a parsonage, on the rental value of an average home in the parish setting that meets the Conference Parsonage Guidelines Policy. In addition to the housing allowance, an agreed upon allowance or the actual cost for utilities shall be paid.

4. If the pastor chooses to purchase or rent a home, the down-payment and closing costs on a house, (or security deposit for a rental) and all other costs of purchase and maintenance are the responsibility of the pastor, district superintendent, or conference staff and are not included in housing arrangements.
5. No assets from the sale of a church-owned parsonage shall be used for current operating expenses of the charge (The Book of Discipline of The UMC – 2016-2020/2024, ¶2543). Proceeds from the sale of such a church-owned parsonage shall be placed in escrow by the trustees of the local church, at least equaling an amount necessary to cover the future purchase of a parsonage or an amount to cover a down payment (of not less than 20 percent of cost of home meeting parsonage standards in the area) plus closing costs. It is recommended that the principal account on the escrow be adjusted annually to provide equity with inflation and the real estate market. Interest received from an escrow account may be used toward the provision of a housing allowance. If a period of five (5) years has passed and there is no evident need to purchase another parsonage, then the escrow funds may be released for the purpose of church capital improvements. The evident need shall be determined by a two-thirds (2/3) vote of a called church conference. Any such sale of a church-owned parsonage must include consent of the pastor, district superintendent, board of church location and building, and the charge conference.

If the parsonage is not sold, but held for rental purposes, income there from may be applied toward a housing allowance for the pastor or for current expenses. Said rental parsonage shall be maintained at the conference and local community rental housing code standards and inspected annually by the local board of trustees, in readiness for possible future use as the parsonage.

Assets from the sale of a new church start parsonage, prior to the constituting church conference, will conform to agreements made at the time of the original purchase of the parsonage.

6. Once initiated, a housing allowance is expected to continue for the duration of a pastoral appointment. The amount of the housing allowance shall be subject to annual approval of then charge conference. The charge conference shall not have the authority to reduce the housing allowance without having consultation with the pastor, the committee on pastor-parish relations, and the district superintendent. Any reduction shall not be effective prior to June 30th following the church/charge conference (See ¶6243, The Book of Discipline of The UMC – 2016-2020/2024).

Once an appointment is in place, if a change to a housing allowance is initiated at the pastor's request and the parties noted in point #1 above have all agreed, the responsibility of the cost for moving is the pastor's. If a change to a housing allowance is initiated by the church, the parties noted in point #1 above have all agreed, the responsibility of the cost for moving is the church's.

7. The local church/charge shall allow the pastor who receives a housing allowance to live where he/she chooses in the communities served. If the pastor desires to live outside the communities served, he/she must receive the consent of the committee on pastor-parish relations or the staff parish relations committee.
8. The housing allowance may be used for purchase, rent, or lease as desired by the pastor.
9. The incoming pastor shall have no obligation to purchase the home of his/her predecessor.
10. If a church which previously provided a housing allowance will be providing a parsonage for an incoming pastor, housing accommodations shall be provided for the pastor until the newly acquired parsonage is ready, and any additional costs for storage or an additional move shall be the responsibility of the local church.

GUIDELINES FOR SETTING THE LEVEL OF HOUSING ALLOWANCES

It is recommended that a guideline be established for determining housing allowance amounts, which includes at least the following two components:

1. Monthly rental amount equal to the average monthly rental of a property meeting the parsonage standards in the agreed locale, as determined by an independent realtor appraisal. (Validation of this number would be by comparison to 1 percent of the property valuation; the housing allowance should not exceed this figure.)
2. Utilities amount based on historical data of the past three years for the parsonage being replaced by the housing allowance, with consideration for inflation. (Encourage individuals to seek out the most competitive rates; for example, for telephone usage). The reasonable

housing allowance numbers would be determined through consultation of the trustee liaison and the appropriate parsonage committee. Facts from independent realtors or appraisers should be obtained, at least for the base year.

Bishop Bard and Joy Barrett, Conference Secretary, shared announcements.

Leslee Fritz, Special Assistant to the Bishop for Mission and Budget, gave an honest assessment of the current financial reality of the Michigan Conference but also highlighted the reasons for being hopeful as we consider the 2027 budget.

- Revenue is down significantly because, for multiple reasons, membership has declined 46% since 2016 (when the MAC was formed).
- Ministry Share collections have been consistently below expected levels. But in 2025, collections increased proportionally from 2024.
- The Michigan Conference is #1 in benevolent giving in the U.S.
- The ‘2026 Annual Report’
 - p. 4 highlights the many ways Ministry Shares support our local churches.
 - pp. 5-7 offer more specific examples of the difference Ministry Shares make
 - pp 8-9 and 12 indicate where the conference budget goes
 - 30% goes to General Church Apportionments (amount is out of our control)
 - 70% is people, programs, and administration in Michigan
- Word of Hope:
 - After 2 years of decline, benevolence giving of local churches increased in 2025.
 - After 3 years of decline, income for the local church budget increased in 2025.
- Word of Encouragement: the “stories” of our churches are found in the MIConnect and the Historical Reports. Read them!

The business was adjourned at 6:05 p.m. for dinner with prayer from Nadine Johnson.

SECOND DAY – EVENING SESSION Saturday, May 30, 2026

The business was reconvened at 7:32 p.m. by Bishop Bard in the Governors’ Hall at the Grand Traverse Resort in Acme, Michigan.

A time of teaching was led by Dr. Ashley Boggan, General Secretary of the General Commission on Archives and History. The talk was entitled, “Loving Boldly in a Wesleyan Way, Part 1” in which she talked about “Wesleyan Vile-tality,” which she defines as *a willingness to look beyond today’s acceptable practices, standards, and norms, and bends the rules in order to ensure that more and more persons can be included within the Kin-dom and that all persons, no matter who they are, how they identify, whom they love, or how they live, can know and experience the love of God, can know their own self-worth, and can then grow to love themselves and others.* A retelling of some of the history of John Wesley’s early life as a leader of the ‘Holy Club,’ illustrates his commitment to living a life of **bold love** even at great risk to his reputation as a Christian leader. She quotes Wesley: “What religion do I preach? the religion of love; the law of kindness brought to light by the Gospel. What is this good for? To make all who receive it enjoy God and themselves: To make them like God; lovers of all.” His experience in Bristol, England, transformed his entire approach to doing ministry. Based on Wesley’s new view of the necessary “vileness” of ministry, at the core of what it means to be United Methodist, we have to be able to constantly seek to ensure that our work results in *everyone* knowing and experiencing God’s love, especially those most marginalized.

The historical examination of candidates into full connection and ordination as elder or deacon: Bishop Bard called the candidates to the stage and introduced the historical questions. He conducted the historic examination of the following candidates after which the conference welcomed them.

- Michele Ann Rousseau (deacon)
- Jodi Melissa Cartwright (elder)
- April Rae Gutierrez (elder)
- Myra Friedli Moreland (elder)
- Joyce Lee Vanderlip (elder)

Retiree Recognition: Bishop Bard invited those retiring to stand and be recognized.

The business was adjourned at 8:45 p.m. until the Sunday morning session.

THIRD DAY – MORNING SESSION Sunday, May 31, 2026

The business session was reconvened at 8:34 a.m. by Bishop Bard in the Governors' Hall at the Grand Traverse Resort in Acme, Michigan.

A time of teaching was led by Dr. Ashley Boggan, General Secretary of the General Commission on Archives and History. The talk was entitled, "Loving Boldly: as 'those people called Methodist.'" Early on, "those people called 'Methodists' was a derogatory observation because of their position that God's love extends to *everybody*. They were seen as a social nuisance. We are called to live an active faith even in the face of resistance from society. She unpacked Wesley's treatise, "Advice to the People Called Methodists." His advice: 1) You are a new people; live as such. 2) Do not imagine that you can avoid giving offence. 3) Trust God with your all, then go on in the power of God's might. 4) Keep in your path...and be true to your principles. 5) Not to talk much of what you suffer. Speak of God's love instead. Despite John Wesley's staunch position against slavery, Methodism has struggled with systemic racism from the beginning. Despite advances in this respect, the fight is far from over. Movement toward Christian Perfection will always come with great risk to those willing to lead us. The story of Methodism is not one of failure; it is a story of the Holy Spirit repeatedly refusing to let us stay where we are comfortable.

Bishop Bard announced:

the new Michigan Conference district configuration will be released later today on the conference website

BOARD OF TRUSTEES REPORT

The conference Board of Trustees ("BoT") is the fiduciary for the Conference. The Board enjoys the blessing of active participation of six clergy and six laity trustees, plus a voting clergy liaison from the Cabinet. Several conference committees and conference staff serve on the committee with voice but no vote. We currently divide our responsibilities between these focus areas: Conference Properties, Closing Churches, Sale of Closed Properties, Risk Management and Legal Issues.

Meeting quarterly, we gather in person and/or virtually making participation more complete and inclusive. As our focus areas indicate, the responsibilities and issues are significant, including such matters as conference assets, financial stress on congregations, and difficult decisions to bring a church's ministry to a close.

Work ReviewConference Properties

Properties owned and utilized by the Conference (offices, parsonages, and episcopal residence) are managed and maintained by the Board of Trustees. The major effort for 2025 and continuing into 2026 is creating a centralized Archive Center which is now housed in the former Williamston Crossroads Church, Williamston, Michigan.

Parsonages saw typical investment in maintenance and minor upgrades during 2025. The conference completed the consolidation for our office properties. Completed our move out of Clark Corners property.

Closed Churches

During the 2025 reporting period, three congregations made the difficult decisions to cease their ministry and close their church. Most often the reason for the decision was related to financial and leadership issues related to declining membership. These congregations celebrated their final worship service in 2025 and their buildings were deconsecrated. Historical records, membership lists, and church assets were addressed according to existing guidelines. Listed below are the closed churches that will be celebrated at the 2026 Annual Conference.

- Allen
- Jerome
- Saugatuck

Several additional churches have completed their final service late in December 2025 and they will be celebrated at the 2027 Annual Conference.

Church Sales

The Board of Trustees has been actively marketing the closed churches and associated parsonages from previous years and those from the current year. Churches are a specialty property and often times take significant time to find a buyer. When churches properties are sold, their proceeds are distributed according to existing guidelines.

The following churches and parsonages have been sold or have sales pending as of this writing:

- Arcadia
- Galien River
- Rollin Center
- Aston
- Saginaw Ames Parsonage
- East Winds District Parsonage
- Saugatuck
- Jerome

The following churches are currently for sale:

- Allen
- Belding
- Central Lakeport
- Barryton: Faith

Risk Management and Legal Issues

The Board of Trustees conducted the annual "Risk Management" review with Church Mutual Insurance in a full board meeting. There were once again no material claim-issues raised and the relationship continues to be solid. The Board continues to encourage local churches to be in close communication with their insurance carrier to maximum the benefits and reduce church exposure of their property, casualty, and liability coverage.

No significant new litigation was present during 2025. The Board of Trustees would like to extend a special thanks to Rob Long for his dedicated work on conference properties, in particular, in creation of the Williamston Archive Processing Center.

Matt DeLong, Chairperson of the Michigan Conference Board of Trustees

R #1 – Establish the 2027 Past Service Rate

It was resolved by the Michigan Conference:

1. An amount equal to 100% of the retirement and disability plan distributions received during the year 2027 is hereby designated as a rental/housing allowance for each retired and disabled ordained, commissioned, or licensed clergyperson of The United Methodist Church who is or was a member of the Michigan Conference at the time of his or her retirement or disability.
2. This rental/housing allowance shall apply to each retired and disabled ordained, commissioned, or licensed clergyperson who has been granted the retired relationship or placed on medical leave by the Michigan Conference and whose name and relationship to the conference is recorded in the Journal of the Michigan Conference or in other appropriate records maintained by the conference.
3. The retirement and disability plan distributions to which this rental/housing allowance applies shall be the retirement and disability plan distributions resulting from all service of such retired and disabled ordained, commissioned, or licensed clergypersons from all employment by any local church, annual conference or institution of The United Methodist Church, or from any other employer who employed the clergyperson to perform services related to the ministry and who elected to sponsor the retirement plan and/or welfare plans of The United Methodist Church for such retired clergyperson's retirement or disability benefits. Retirement distributions include all eligible amounts received from the United Methodist denominational retirement plan administered by Wespath Benefits & Investments.
4. The amount of the housing/rental allowance that may be excluded is limited to the lesser of: a) The amount designated as the housing/rental allowance, or b) The amount actually expended for housing/rent, or c) The fair rental value of housing as required by law.

R #6 - Dissolve the New Church Development Land Procurement Loan Fund

It was resolved by the Annual Conference:

The Michigan Conference of The United Methodist Church shall dissolve the Board of Congregational Life's New Church Development Land Procurement Loan Fund and reallocate the total amount to the Board of Congregational Life's New Church Development Available Fund.

R #7 - Strengthening Anti-Bias, Anti-Racism Formation and Support for Black Ministry in the Michigan Conference

It was resolved by the Annual Conference:

We are building on the work of the Anti-Bias/Anti-Racism (ABAR) legislation adopted by the Michigan Annual Conference in 2021. Therefore, we move that the Michigan Annual Conference strengthen its commitment to anti-bias and anti-racism formation and support for Black ministry by:

Providing in-person anti-bias and anti-racism training for clergy and laity, offered at Annual Conference or other designated locations led by trained facilitators who engage participants in in-depth conversation, either in addition to or in place of online modules; and

Inviting Black Methodists for Church Renewal (BMCR) to collaborate with ABAR, and the Conference Leadership Team in establishing ongoing structures for advocacy, accountability, empowerment, and justice within the Michigan Conference.

R #8 - Support for Greater Accountability in Immigration Enforcement in Michigan

It was resolved by the Annual Conference:

The Michigan Conference of The United Methodist Church supports the following Michigan Senate and U.S. House of Representatives Bills:

- Michigan Senate Bill 508 would designate schools, places of worship, hospitals, courthouses, and organizations providing services to pregnant women, victims of crime, or disabled individuals as protected spaces from immigration enforcement, unless there is imminent public danger or a judicial warrant.
- Michigan Senate Bill 509 would protect the privacy of personal information by prohibiting government entities from giving personal identifying information to others for the purposes of immigration enforcement without a judicial warrant.
- Michigan Senate Bill 510 would prevent law enforcement officers from wearing masks to conceal their identity unless they are conducting an undercover operation or other permissible instances.
- U.S. HR 1061 - protect immigrant families and communities - support the Sensitive Location Act.

Further, The Michigan Conference's Board of Justice and Immigration Task Force will provide opportunities for Michigan United Methodists to advocate for the passage of these bills into law.

R #9 - Call for End to Racial Profiling by ICE

It was resolved by the Annual Conference:

The Michigan Conference of the United Methodist Church calls for immediate actions to put an end to ICE's current practice of employing racial profiling in their immigration enforcement and detention procedures as such

discrimination is completely immoral and is completely counter to The United Methodist Church's Social Principles.

First, we call upon Michigan United Methodists to communicate the following message to the U.S. President and Michigan's members of congress. Second, we authorize the Conference secretary to send the message to the U.S. President, U.S. Secretary of the Department of Homeland Security, and Michigan's U.S. senators and congressional representatives. Third, we authorize the Conference secretary to send the message to the President of the Council of Bishops.

Statement calling for an end to ICE racial profiling as an immigration enforcement practice (as inspired by a statement by the Greater Detroit District, Church & Society Committee)

"The Michigan Conference of The United Methodist Church calls for the United States Government to take aggressive executive/legislative actions to put a prompt end to the ICE egregious practice of racial profiling in its immigration enforcement strategies and tactics for targeting and restraining individuals for possible detention and deportation."

"ICE must be prevented from making immigration stops merely based on someone's appearance, language spoken or where they work. ICE should not have the license to seize anyone on the basis of appearance, speaks a language other than English, happens to be black or brown, lives in a majority minority community, or appears to work in a low wage job."

"We cannot stand passively idle and tolerate masked federal agents, with perceived legal impunity, seizing, detaining and interrogating people, including U.S. citizens, based merely on how they look. It violates a fundamental American value of equal protection and treatment under the law."

"We call on the U.S. President (through executive order) and the Secretary of Homeland Security (through the agency code of conduct statement) to immediately cease all racial profiling practices currently being pervasively employed as an immigration enforcement tactic."

"We call on the congress of the United States to pass legislation that prohibits racial profiling in any government (federal and state) law enforcement activity."

R #10 - Active Support for the People of Ukraine

It was resolved by the Annual Conference:

In the spirit of the United Methodist Social Principles (§165.C) which state, "We believe war is incompatible with the teachings and example of Christ."

Following the call of the Council of Bishops of The United Methodist Church which urges all congregations to pray, fast, and support the people of Ukraine, as well as the work of the United Methodist Church in Ukraine and neighboring countries;

And responding to the United Methodist Committee on Relief (UMCOR) efforts to provide grants aiding Ukrainians need for food, water, medicine, loss of heat, electricity and shelter during the war.

The Michigan Annual Conference is urged to reaffirm its solidarity with the people of Ukraine and United Methodists in the Eurasia region in their struggle for peace, justice, and survival. Also, all local churches are encouraged to continue lifting up the people of Ukraine in worship and prayer.

Furthermore, be it resolved that the Michigan Conference invite all churches and members to actively support the humanitarian efforts by contributing to UMCOR Advance #982450 (International Disaster Response); To facilitate this the Michigan Conference UMC is asked to provide links to UMCOR and other donation sites.

R #11 - Advocate for Responsible Pentagon Spending

It was resolved by the Annual Conference:

We urge Michigan United Methodists to consider a meaningful strategy for engaging their local congregation in faithful conversation, study and prayerful reflection on matters related to war and military service (see Social Principles: The Political Community, Section F). Furthermore, we urge conversation participants to consider an active response such as the following letter that can be sent to their U.S. Representatives and Senators Gary Peters and Elissa Slotkin to encourage them to support responsible budgets in the Defense and Energy/nuclear weapons Departments for our national security.

Congress: 202-224-3121 peters.senate.gov, 202-224-6221 slotkin.senate.gov, 202-224-4822 Contact your Representative via lastname.house.gov

Please send messages similar to the following:

As a voter and United Methodist, I disapprove of proposals to increase defense spending by \$500 billion for 2027. That increase is more than China, Russia, and Iran spend on their militaries combined.

I fear that this move to raise defense spending by 50% to about \$1.5 trillion for 2027 will cost roughly \$37,000 per household over ten years. But many Michiganians struggle to pay for healthcare, housing, and education.

I agree with our United Methodist Social Principles: “We grieve that in a world where so many live in poverty, governments continue to dedicate enormous resources to preparing for and conducting wars. We are especially distressed by the proliferation of nuclear weapons and call not only for an end to their production, but for their complete elimination.”

We do not need to spend \$1.7 trillion on the modernization and upgrading of our entire nuclear arsenal. We need bold actions to reverse the buildup of nuclear arms.

A majority of Americans support reducing Pentagon spending if the reductions wouldn’t harm military personnel and their families.

The \$1.5 trillion dollar budget for the Departments of Defense and Energy/nuclear weapons is unnecessary. To have responsible national security, I urge you to work towards lower Pentagon budgets, driven by a more intelligent and restrained foreign policy, and a more economical approach to producing weapons.

Please inform me how you will work to responsibly rein in spending our taxes for national security.

Sincerely,

R #12 - Humanitarian Aid for Gaza and the West Bank

It was resolved by the Annual Conference:

We urge Michigan United Methodists to ask their U.S. Senators and Representatives to support the passage of the UNRWA Funding Emergency Restoration Act, S. 898 and H.R. 2411, to rescind the temporary pause and to restore future funding for the United Nations Relief and Works Agency. In addition to members writing individual letters, we authorize the conference secretary to send letters to all Michigan U.S. Representatives and Senators Peters and Slotkin.

We implore members of Congress to publicly call for full humanitarian access into all parts of Gaza and the West Bank to ensure that adequate food, fuel, medicine, clean water, and shelter are available for Palestinian civilians who are in desperate need.

R #13 - 2027 Minimum Salary Schedule

It was resolved by the Annual Conference:

The Commission on Equitable Compensation (CEC) moves the following Minimum Salary Schedule to be adopted by the 2026 Michigan Annual Conference.

All SPRCs are required to calculate the suggested minimum compensation for their clergy before determining final compensation. In addition, the CEC asks churches to budget a minimum of \$1,500 for professional expenses and continuing education, exclusive of mileage reimbursements for each full-time clergy person under appointment. For clergy serving less than full-time, the amount set should equal no less than the appointment percentage (i.e., a half-time appointment's minimum would be at least \$750, etc.).

Churches are strongly urged to compensate clergy whose years of service are beyond this chart's years by considering both years of service as clergy and inflation forces. While electing not to provide clergy with a raise might alleviate pressure on the church budget, it places unfair stress on clergy and is demoralizing. For years after 10 it is recommended to add 2% of the year 10 amount for each year the clergy person has served beyond the 10th year.

Counting Years of Service To Determine Minimum Compensation

Clergy serving under appointment, whether in full or part-time capacity, will have years of service counted equally for the purpose of progressing through the salary levels. A part-time appointment is not considered to be less than a full-time appointment in the calculation of total years of service. Clergy serving more than six months under appointment in a calendar year will be credited with a full year's service for the purpose of progressing through the salary levels. Clergy serving six months or less under appointment in a calendar year will remain at their current year of service. When an additional full year of service is completed, Clergy will move to the next salary level. For calculating years of service as a clergy person changes status (i.e., from Local Pastor to Associate Member or from Provisional Member to Full Member) the entire number of years under appointment is considered. Years of service do not start over when a clergy person's status changes, it remains continuous. (For example: a seminary graduate serves as a local pastor for two years, is commissioned as a Provisional Elder and serves in that capacity for three years, then is Ordained. In determining years of service, the entire number of years is considered. In this example the clergy person would have a total of five years of service for determining minimum salary.)

PART III - PERTAINING TO ORDAINED AND LICENSED CLERGY

NOTE: A (v) notation following a question signifies that the action or election requires a majority vote of the clergy session of the annual conference. If an action requires more than a simple majority, the notation (2/3v) or (3/4v) signifies that a two-thirds or three-fourths majority vote is required. Please indicate credentials in Part III: FD, FE, PD, PE, and AM, when requested. List all individuals alphabetically by last name.

13. Are all the clergy members of the conference blameless in their life and official administration (¶¶604.4, 605.7)

We take very seriously the call to moral excellence in the lives of clergy, knowing that only by the grace of God can any of us be blameless in our life and official administration. All persons stand in need of the grace of God and of the love and forgiveness of the Christian community.

In signing below and submitting this statement to the Board of Ordained Ministry, we the district superintendents, attest that all the clergy members of the conference are blameless in their life and official administration, or are involved in supervisory or complaint processes, and in signing below the Bishop David A. Bard attests the same for the district superintendents.

Herein signed, Rev. Jodie R. Flessner, Rev. Kristine K. Hintz, Rev. John G. Kasper, Rev. Dean N. Prentiss, Rev. Dr. Darryl Totty, Bishop David A. Bard

Love Boldly Serve Joyfully Lead Courageously

The United Methodist Church forms disciples of Jesus Christ, who empowered by the Holy Spirit, **love** boldly, **serve** joyfully, and **lead** courageously in local communities and worldwide connections.

Love Boldly: We passionately love God and, like Jesus, embrace and include people of every age, nation, race, gender, and walk of life. (Matthew 22:37-39 | John 13:34-35)

Serve Joyfully: With the heart of Christ, we journey alongside the most vulnerable, offering care and compassion with joy. (Psalm 100:1 | Nehemiah 8:10 | John 13:14-15 | 1 Peter 4:10)

Lead Courageously: And, following Jesus' example, we resist and dismantle all systems of evil, injustice, and oppression, striving for peace, justice, and reconciliation. (Joshua 1:9 | Ephesians 6:10)

The new vision of The United Methodist Church reflects both who we already are and God's dream for us. Since 2021, the Council of Bishops and the Connectional Table have journeyed together in prayerful collaboration, seeking God's wisdom and discerning a hope-filled vision for this unfolding era in The United Methodist Church. "Sankofa" – a West African concept of remembering where we've come from in order to move forward – guided the work.

Open Hearts. Open Minds. Open Doors.
